MUSCOGEE
Lumber Company,

ESCAMBIA COUNTY, FLORIDA.

The Most Complete Lumber Mills in this County—Located in the Finest and Most Picturesque Timber Belt—A Great and Valuable Business.

ONE of the most important milling enterprises in the South is MUSCOGEE LUMBER COMPANY, located twenty miles by rail from Pensacola. This Company is now ten years most successfully in existence, and is situated on the Perdido River, which stream is the dividing line between Florida and Alabama. The location is most favorable and advantageous, as well as picturesque. The Company has at present two large steam saw mills in operation, having a capacity of turning out from eighty to ninety thousand feet of lumber a day; and also a large planing mill, complete in every respect, in operation. The property of this Company is in a high, rolling country, from seventy to one hundred feet above the sea, a section known for the most health-giving atmosphere in the world to live in, the immense pine forests adding greatly to that. This section abounds also in several springs of transparent, cooling water, whose healing qualities are acknowleged by the most prominent physicians.

We do not say too much by stating that MUSCOGEE LUMBER COMPANY is unexcelled in its completeness. The Company has its own teams, machine shop, carpenter shops, stables and boarding houses, and the lands of the Company consist of over a hundred thousand acres of forest lands. There are about eighty dwelling houses, which are inhabited by four hundred people. The large and well-stocked storehouses of the Company supply the hands with all the necessaries of life. The Company have recently added the electric light to their property, and now all their mills and lumber yards are lighted by electricity. In connection with their lumber and milling business, the Company are buiding a new railroad to Mobile, which road will be, when finished, an air line to that city. This road runs through their mill property. The road is built twenty miles from Cantonment, towards Bay Minette, the track being as smooth as a table, thoroughly finished with fifty-pound rails, and equipped with cars for the hauling of logs.

The Company can supply by rail two hundred thousand feet of lumber a day alongside of vessels at the wharves drawing 22 feet of water.

There is a telegraph office connected with the Western Union offices, and telephone connecting the Company with their office in Pensacola.

THE OFFICERS OF THE COMPANY ARE

W. F. McCORMICK, President. GEO. P. GATES, General Manager. P. K. YONGE, Secretary.

GLOUCESTER, - - MASSACHUSETTS.

Situated on one of the finest Beaches on the New England Coast. Good Bathing, Boating, Fishing, Etc.

PENSACOLA.

This city is situated in the western part of the State, and in the southwestern part of Escambia County, of which it is the county seat, and on the north side of Pensacola Bay, within ten miles of the outer buoy in the waters of the Gulf of Mexico, which marks the entrance to the harbor. The channel at the entrance to the port has the depth of twenty-five feet, and when the obstructions now being removed are away, the channel will again have the depth that it had before the war, and ocean vessels can be brought alongside of and within ten feet of the cars, thus enabling this port to successfully compete with all others for both foreign and domestic trade.

Pensacola is 246 miles from New Orleans, 371 from Jacksonville, 203 from Tallahassee, the capital of the State, 420 from Savannah, Ga., 165 from Montgomery, Ala., 105 from Mobile, Ala., 653 from Louisville, Ky., 763 from Cincinnati, 740 from St. Louis, 970 from Chicago, 1222 from New York, 994 from Washington, D.C., and 1439 from Boston.

The city advanced in population from 1870 to 1880, 117 per cent., at least 90 per cent. of which occurred from '76 to '80. The directory for '85 contained 2,634 names, showing a population on April 1, 1885, of **10,536.**

This issue contains 3,555 names, which gives the city a population of **14,220,**—a gain of 3,684 in two years.

It is safe to say that the public schools of Pensacola rank with the best in the South. A new and spacious building has been recently opened, and the children of the first families, as well as of all classes of the white population, attend. It would be hard to find a city where more interest and pride is shown in the cause of education than in Pensacola.

Pensacola is one of the great fish markets of the country, and supplies largely the west and northwest with this food commodity.

The Louisville and Nashville Railroad in Florida runs from Pensacola north to Flomaton, or Pensacola Junction, 44 miles, where it connects for the North, East and West. The Pensacola and Atlantic Railroad which is owned by the above-named road runs from Pensacola east to River Junction near Chattahoochee, 161 miles, where it connects for the East and North *via* the Florida Railway and Navigation Co. and the Savannah, Florida and Western Railway.

The Pensacola and Perdido Railroad runs from Pensacola to Millview on Perdido Bay, ten miles, and is used largely in the transportation of lumber, although regular passenger trains are run.

The Pensacola and Memphis Railroad is soon to be built, which will bring the West and Northwest and the great iron and coal fields of Alabama nearer to Pensacola. In the single item of lumber this city has a world-wide reputation, ships arriving here from all parts of the world in that trade.

The "Indian Summer" of the North closely resembles the winter climate in Pensacola; while in the summer the fame of its baths, boating, and fishing is rapidly increasing its popularity.

There is one daily, receiving the associated press dispatches; a semi-weekly; and two weekly newspapers.

The new Continental Hotel is the pride of the people, and does much in extending the reputation of Pensacola as a winter resort. The City Hotel, the National and the Merchants' Hotel have a good reputation with the traveling public. The City Hotel and the National Hotel are situated on East Government street, near the Opera House and the Banks. During the past two years Pensacola has awakened to her possibilities. Streets have been graded, sidewalks put down universally, trees planted, and a general move onward has been made. A person who has visited all the prominent cities of the state says "Pensacola is the most attractive of them all." In a commercial sense it is certainly on the eve of a great expansion, and it would not be surprising to find here in 1890 no less than 25,000 people, and in the year 1900, double that number.

WEBB'S FLORIDA.

Historical, Industrial and Biographical

By WANTON S. WEBB.

Contains a general review of the State, a detailed account of each County, its boundary, water courses, railroads, topography, soil, productions, prices of lands, climate, health, natural fertilizers, fish, game, stock raising, lumber, natural springs; how, when and where to settle; a description of each city, village and country post office in Florida, down to 1885. The work is 8x12 inches in size, contains over two hundred large double column pages of solid printed matter, and over one hundred illustrations of Florida scenery, some full page, the whole printed on toned paper, with an elegant illustrated cover, designed by Brannan. The weight of the book is one and a half pounds, and it will be sent to any part of the world postpaid, on the receipt of ONE DOLLAR, addressed

WEBB'S FLORIDA,
JACKSONVILLE, FLA.

READ WHAT IS SAID ABOUT IT.

"Certainly the best work of its kind on Florida that I have ever seen.."—H. B. PLANT, *President Savannah, Florida, and Western Railway Co., Southern Express Company, and Charleston and Savannah Railway Co.*

"It is, beyond any comparison, the most thorough, complete, and satisfactory pictorial and descriptive work on Florida that has yet appeared."—*The Florida Despatch.*

"We conscientiously recommend it to our readers."—*The Indian River Sun.*

"Of all works on Florida it is the most excellent and the most accurate."—*Ocala Banner.*

"Yesterday about midday, WEBB'S FLORIDA, mounted on about twenty drays, was brought from the Fernandina Railway Depot."—*Florida Journal.*

"As a compendium, accurate, fresh, and complete, we know of nothing that compares with it."—*Florida Baptist.*

"Without a rival."—*Tampa Guardian.*

"Throughout the work is a triumph of typographical art."—*Tropical Paradise.*

"Altogether it is the most comprehensive book on Florida as yet published, and fine engravings make its pages the more attractive."—*The Floridian.*

"Notices the most insignificant places."—*The Pensacolian.*

WEBB'S

PENSACOLA STREET DIRECTORY.

1887.

To make possible the postal delivery service, soon to be inaugurated in Pensacola, it became necessary to number all the houses in the city limits, which was accomplished by the City Engineer in February. Pensacola is numbered after the style generally known as "Philadelphia plan," allowing 100 numbers to a block. The streets are divided into East and West, and North and South; Palafox being the division for East and West, and Garden for North and South. It has been thought best not to give the names of those streets which have an existence only on the map, and which have not even been graded. Following are the streets running East and West, with Palafox as the division: Belmont, Brainerd, Cervantes, Chase, De Soto, Gadsden, Garden, Gonzalez, Government, Gregory, Intendencia, Jackson, La Rua, Lloyd, Main, Romana. Strong, Wright, Zarragossa. Of this number, Belmont, La Rua, Jackson, Gadsden, Cervantes, Strong, De Soto, Gonzalez, Brainerd, and Lloyd, extend only to Eighth Avenue. The others run from A, easterly, to limits. Immediately north of Wright, beginning at Eighth Avenue and running easterly to limits, the streets are numbered from 1 to 30.

Those streets running North and South, with Garden as the division, are: A, Alcaniz, Barcelona, Baylen, Cevallos, Coyle, De Villiers, Donelson, Florida Blanca, Palafox, Reus, Spring, Zarragossa, and Ninth, Tenth, Eleventh, Twelfth and so on to Twentieth Avenues.

The other streets not given above nor affected by the division are the following:

Adams, from Government at Seville Square southerly.

Aragon, from Cevallos at the Cemetery easterly to the water.

Barracks, from Church next E of Tarragona to the water.

Bru, from Romana first E of Palafox to Garden.

Church, from Jefferson to Seville Square first S of Government.

Commendencia, from Church first E of Jefferson southerly to the water.

Cushman Alley, see De Reache.

Davis, from Wright next E of Alcaniz northerly.

De Leon, from Cevallos next S of Geogory E to the water.

De Reache (or Cushman Alley), from Government at Public Square to Intendencia.

De Soto, from Cevallos next S of Wright E to the water.

Eighth Avenue, N from Wright and extension of Cevallos.

Guillemarde, from Wright next E Palafox N to limits.

Hayne, from Wright next E Tarragona N to limits.

Jefferson, from Government first E of Palafox southerly to the water.

Luke's Alley, from Aragon next W Cevallos to Chase.

Manresa, from Romana first E of Tarragona N to Garden.

Oliva, extension of A from W end Wright southerly.

Public Square, Palafox c Government.

Salamanca, from Cevallos next S Chase E to the water.

Seventh Avenue, from Wright northerly to limits.

Seville Square, Government c Alcaniz.

Sixth Avenue, from Wright next E Davis N to limits.

Spring, from Alcaniz at the Cemetery E to Cevallos.

THOMAS C. WATSON,

Real Estate and Commission

AGENCY,

100 East Government Street, next to City Hotel,

PENSACOLA, FLA.

CITY LOTS.

By the recent dissolution of an old land company, which was organized in 1837, a large number of valuable city lots have been thrown upon the market, and I am enabled to offer such at remarkably low figures, ranging from $25 upwards for lots of 40x137 feet, and can sell upon the installment plan if desired. City lots within a short distance from the Court House can be secured at $100 to $150 if bought early. I can sell such lots at one-fourth cash, balance in one, two and three years, with 8 per cent. interest.

SMALL FARMS AND SUBURBAN RESORTS.

I have some small farms in the vicinity of Pensacola, and on the line of the P. & A. R. R. near the thriving town of Chipley, known as the WEST FLORIDA HIGHLANDS, and well adapted for fruit raising, truck farming, and raising early vegetables for Northern markets. The soil is sandy loam, underlaid with clay and limestone ; the climate is deliciously pure and healthy, and this part of the State is rapidly filling up with BONA FIDE SETTLERS, who come to stay. I am offering these lands in lots to suit purchasers at from $2 to $8 per acre. I have also some desirable suburban property fronting the Gulf of Mexico, suitable for summer and winter resorts, surf bathing, fishing, etc. A hotel site will be given away to any one who will build a fifty-room hotel.

All who are in search of **FLORIDA HOMES** would do well to come to Pensacola first, and investigate for themselves. Correspondence solicited.

Improved and unimproved property for sale on easy terms. Bargains offered at all times. This is a good chance for speculators who wish to invest in a growing city. Catalogue mailed free upon application.

WEBB'S FLORIDA.

Historical, Industrial and Biographical

By WANTON S. WEBB.

Contains a general review of the State, a detailed account of each County, its boundary, water courses, railroads, topography, soil, productions, prices of lands, climate, health, natural fertilizers, fish, game, stock raising, lumber, natural springs; how, when and where to settle; a description of each city, village and country post office in Florida, down to 1885. The work is 8x12 inches in size, contains over two hundred large double column pages of solid printed matter, and over one hundred illustrations of Florida scenery, some full page, the whole printed on toned paper, with an elegant illustrated cover, designed by Brannan. The weight of the book is one and a half pounds, and it will be sent to any part of the world postpaid, on the receipt of ONE DOLLAR, addressed

WEBB'S FLORIDA,
JACKSONVILLE, FLA.

READ WHAT IS SAID ABOUT IT.

"Certainly the best work of its kind on Florida that I have ever seen.."—H. B. PLANT, *President Savannah, Florida, and Western Railway Co., Southern Express Company, and Charleston and Savannah Railway Co.*

"It is, beyond any comparison, the most thorough, complete, and satisfactory pictorial and descriptive work on Florida that has yet appeared."—*The Florida Despatch.*

"We conscientiously recommend it to our readers."—*The Indian River Sun.*

"Of all works on Florida it is the most excellent and the most accurate."—*Ocala Banner.*

"Yesterday about midday, WEBB'S FLORIDA, mounted on about twenty drays, was brought from the Fernandina Railway Depot."—*Florida Journal.*

"As a compendium, accurate, fresh, and complete, we know of nothing that compares with it."—*Florida Baptist.*

"Without a rival."—*Tampa Guardian.*

"Throughout the work is a triumph of typographical art."—*Tropical Paradise.*

"Altogether it is the most comprehensive book on Florida as yet published, and fine engravings make its pages the more attractive."—*The Floridian.*

"Notices the most insignificant places."—*The Pensacolian.*

APPENDIX.

MARIANNA.

With a population of about 2,000 souls, occupies a nearly central position in Jackson County, of which it is the seat.

It is built on the western bank of Chipola river, on the P. & A. R. R. (L. & N. system), 135 miles from Pensacola, 68 miles from Tallahassee, 233 miles from Jacksonville, and 35 miles from the gulf coast.

The farming lands of Jackson County are among the finest in the state. Cotton, corn, hay, oats, clover, vegetables and many varieties of fruits may be grown at a nice profit to the planter. The Le Conte pear especially is said to be equally as profitable as the orange is in more southerly portions of the state. The climate is specially adapted to the production of this fruit. These famous "high rolling pine lands" of which Marianna is the very centre, are noted for their healthfulness. The air is pure, mild, crisp and invigorating, absolutely free from malaria of every kind. There are none of those notorious "sand banks" of which nearly every traveler complains in Florida, but the walks and drives are over solid, hard ground, the soil being a most fortunate mixture of gravel sand and red clay. There is an abundance of native fertilizers, consisting of limestone, marl and muck. The county is rich in resources, and those seeking homes will consult their interests by coming and seeing for themselves,

The Jackson Land Company, as well as Col. James P. Coker, are much interested in the development of their county, and will gladly furnish any information to whomsoever will address them at Marianna.

The general plan of Marianna, as well as the style of the residences, carry one back to the lavish expenditures of *ante bellum* days, declaring the wealth of its citizens, and their good taste in laying off wide streets, now shaded with evergreen oak.

Religious and educational interests have received much attention. There is a Presbyterian, Methodist and Episcopal church, besides the African churches, an academy and several private schools. The people belong to the old school of southerners, are brimming over with hospitality, and offer a hearty welcome to all.

If the traveler wants good homelike entertainment let him stop at the Milton House where he will find everything he could desire.

The chief pride of Marianna, and indeed the whole country, is the Famous Long Moss Spring, so justly celebrated in song and story, for its pure limpid beauty. It is only a few miles north of the city and is the favorite drive and picnic ground. A broad, bold stream springs from the earth and flows almost a river at the very fount. So crystal like is the water that fish may easily be discerned at a depth of sixty feet below the surface. Many visitors are brought hither attracted by the beauty of the place, and they will tell you an interesting Indian legend about it. Don't leave Marianna out of your travels, for perchance you may make your fortune there.

Below we give a list of the business houses.

WETUMPKA CITY,

FLORIDA.

LOCATED on the Florida Southern Railway, some fifty-eight miles south of Palatka, is a tract of 3,000 acres, owned by Judge Samuel F. Marshall, of Ocala. This famed section has long invited the attention of passengers who have beheld it from the car windows. It is notably a high and healthy locality, with a magnificent growth of oak, magnolia and hickory, and every variety of hard wood of which the Florida forest can boast.

THE ADVANTAGES

possessed by this tract are, its richness of soil and comparative elevation, which not only insures healthfulness, but a remarkable exemption from frost. It is a noteworthy fact that during the severe frosts of the winter of 1883-84, the lemon trees here were unimpaired.

For more than a quarter of a century Judge Marshall's family have owned this property, awaiting

THE FAVORABLE TIME

to place it on the market. The town plat embraces 160 acres of undulating land, adapted especially to the purposes of a

town. The most perfect drainage is insured and all those natural conditions which are requisite to salubrity and scenic effect. The town lots are of ample size, admitting of subdivision as future necessity and interest may dictate. Lots have been set apart for school, church and park purposes; streets of full width have been laid off and the plan has been ordered as benefits the requirements of

A WELL-ORDERED TOWN.

Adjacent to the town and extending far back are tracts of from ten to forty acres, for groves, vegetable gardens and other agricultural and horticultural purposes. Each of these tracts is accessible by wide avenues. The land is of excellent quality and is highly adapted to

ORANGE AND VEGETABLE CULTURE.

The most desirable topographic features and the general advantages of the place are unsurpassed. It is the purpose of Judge Marshall to sell both town lots and other tracts on favorable terms to actual settlers.

Full particulars will be furnished on application by letter or otherwise.

ADDRESS,

S. F. MARSHALL,

OCALA, FLORIDA.

FLORIDA FOREVER!

FOR

ORANGES, SUNSHINE, HEALTH,

"You want to go to Florida, do you?"

THEN CONSIDER THE INDUCEMENTS OFFERED BY

The Tropical Land Company

TO SETTLE AT

LAKEVIEW, CLAY CO., FLORIDA.

FIRST.—**A Healthful Location,** in high piney woods, near **Lake Kingsley,** a beautiful circular sheet of clear spring water, 90 feet deep, 2 miles across, 6 miles in circumference, sandy bottom, high and dry shores, fine fishing, boating and bathing. It is located on the dividing ridge between the Atlantic Ocean and the Gulf of Mexico, thus insuring salubrious and invigorating breezes.

SECOND.—**Building Lots in the Town for only $8** for inside, and $10 for corner lots, at which prices everybody can secure a home. Sold without restrictions. A clear title guaranteed. Abstract of title with every deed.

N. B.—Lakeview is but a few months old, and yet over 1500 lots have already been sold.

THIRD.—**Tracts for Orange Groves** or Truck farms adjacent to the town, at the low price of $10 per acre, payable in small installments.

FOURTH.—**Ten Acres,** (two of which will be cleared and substantially fenced), and a good four-room house built thereon, for $500, payable in installments.

FIFTH.—**A Free Pass** by Railroad or Steamer to Florida, to investors. (See our Circulars).

Full information, and a large, handsome, indexed map of Florida, with all new towns and Railroads furnished (send 10 cents stamps), upon application to

THE TROPICAL LAND COMPANY,

39 WEST BAY ST., JACKSONVILLE, FLORIDA.

Hon. J. C. GREELEY, Pres. CHAS. H. SMITH, Sec'y. J. T. TALBOT, Treas.
